EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 23 and 24 to an invention non-elected without traverse. Accordingly, claims 23 and 24 have been cancelled.

In claim 9 line 1, "clam" is changed to - - claim - -.

The amendment to claim 9 corrects an obvious typing error.

The following is an examiner's statement of reasons for allowance:

Claims 1-22 are allowed primarily because the prior art do not teach or suggest the necessary combination to arrive at the claimed invention delineated in claim 1 particularly regarding the limitations delineated at lines 4-9 including selectively creating strong bond regions and weak bonds region on the bulk substrate, providing a first bonded semiconductor layer on said substrate including semiconductor device portions created thereon corresponding to the weak bond regions, removing the first semiconductor from the bulk substrate and bonding it to a second semiconductor layer.

Art Unit: 2814

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
